

OPPO FIND X10 SERIES

FSR TRAINING - UK

CO-DEVELOPED

WITH HASSELBLAD

OPPO FIND X10

The Strongest Standard Flagship Ever.

10/10 DESIGN | 10/10 IMAGE | 10/10 EXPERIENCE

WHAT DO USERS EXPECT?

STANDARD MEANS COMPROMISE?

Users complain that base models lack telephoto lenses or true 200MP quality. We solved this with the X10.

BATTERY ANXIETY

Heavy camera usage drains power fast on travels. Users demand all-day shooting without a power bank.

EYE STRAIN

Using screens late at night causes fatigue. A high-quality, eye-care focused display is essential.

OPPO FIND X10 - DESIGN

The Strongest Standard Flagship Ever.

10/10 DESIGN | 10/10 IMAGE | 10/10 EXPERIENCE

10/10 DESIGN: VELVET GLASS

- Velvet Glass: Metallic texture meets translucent luster with an upgraded velvet sand finish.
- Ultra-Narrow Bezels: Shrunk from 1.15mm (X9) to an incredible 0.99mm for immersive viewing.
- Slim Body: 8.35mm profile paired with a 6.59" Golden Form Factor.

10/10 DESIGN: STUNNING COLOURS

TRANSLUCENT BLUE

MIST GREY

10/10 IMAGE: DUAL 200MP

The industry's first standard edition to eliminate camera compromise by featuring Dual 200MP sensors.

- 200MP Ultra-Clear Main: 1/1.4" sensor, f/1.6 aperture. Replaces the old 50MP main from the X9.
- 200MP Ultra-Sensing Telephoto: 1/1.56" sensor, f/2.6 aperture. Replaces the 50MP telephoto from the X9.
- 50MP Ultra-Wide: 1/2.75" sensor, f/2.0 aperture.
- 50MP Selfie Camera: Upgraded from the 32MP on the X9.

HASSELBLAD TRUE-TO-LIFE

NEW GEN TRUE COLOUR CAMERA

HASSELBLAD HI-RES MODE

HASSELBLAD TRUE-TO-LIFE

NEW GEN TRUE COLOUR CAMERA

Features 15EV ultra-high dynamic range and a 43% boost in photosensitivity. 24 spectral sampling channels ensure colors are captured exactly as you see them.

HASSELBLAD TRUE-TO-LIFE

NEW GEN TRUE COLOUR CAMERA

HASSELBLAD HI-RES MODE

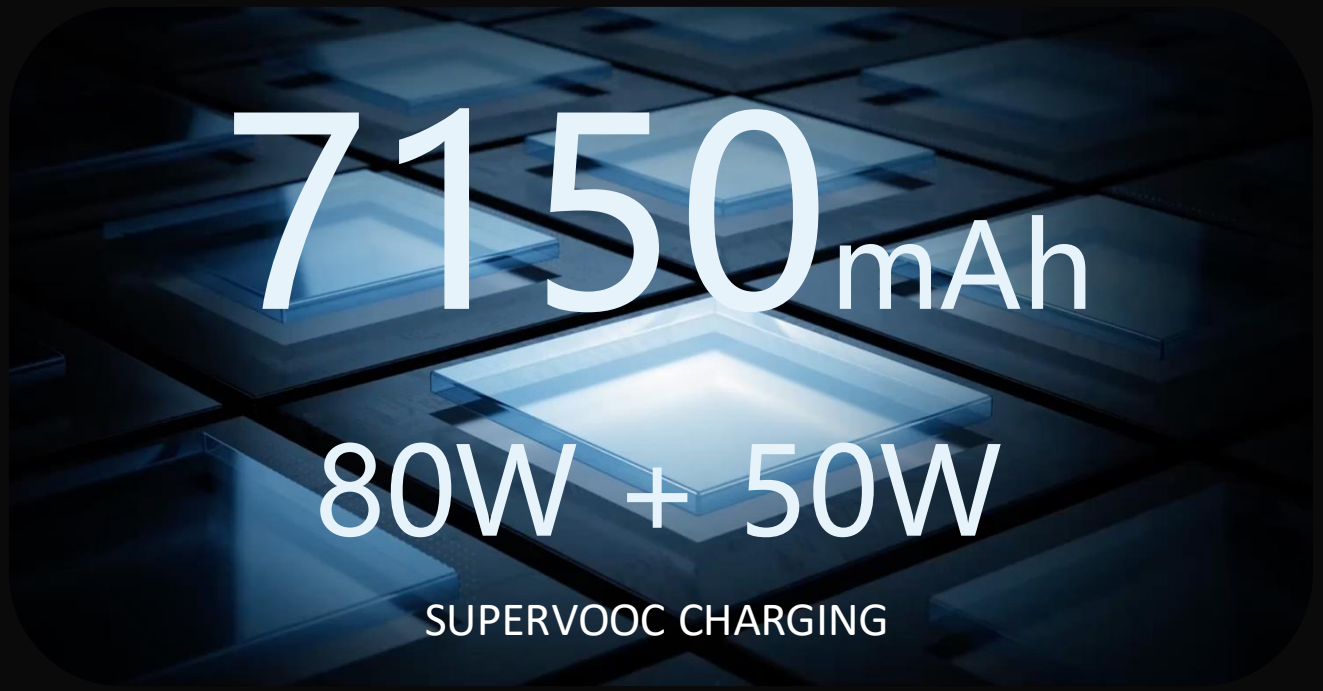

HASSELBLAD TRUE-TO-LIFE

HASSELBLAD HI-RES MODE

First-ever full focal length 8K-level quality on a base model. Direct 50MP output is available from 0.6x to 6x zoom, maintaining pristine clarity without downscaling.

10/10 EXPERIENCE: BATTERY

A NEW STANDARD FOR BATTERY LIFE

POWER ALL DAY: PERFORMANCE

DIMENSITY 9600M

LAMINAR FLOW ENGINE

NEW GEN PROXDR DISPLAY

HDR Vivid

Dolby VISION

INDUSTRY FIRST EYE CARE

Industry-lowest 3.7% and boosted deep red light to 5.5%.

1-Nit Night Display: Perfectly comfortable for late-night browsing, preventing eye strain and fatigue.

Visual Spec:

144Hz LTPO | 2768x1272 resolution | 3600nit Peak Brightness | BT.2020 Ultra-wide colour gamut support

MORE FLAGSHIP EXPERIENCES

DURABLE & RELIABLE

IP66/IP68/IP69 Water and Dust Resistance. Features an Ultrasonic Fingerprint Sensor that works perfectly even with wet hands.

NETWORK BOOST CHIP S1

Smart Link ensures high-speed rail scenic spots stay connected. Upgraded USB 3.2 Gen1 for faster wired transmission.

3D CRYO-VELOCITY

4700mm² VC cooling system. A 15% increase in cooling area ensures comfortable temperatures during gaming and heavy photography.

OPPO FIND X10 PRO MAX

Pro Create. Maxed All.

MAX DESIGN | MAX IMAGING | MAX EXPERIENCE

MAX DESIGN: TWO-TONE

THE TOUCH OF HAUTE COUTURE

The Two-Tone design is the mark of rare luxury, setting the Pro Max apart from standard flagships.

Iconic Orange Ring: Features the classic Hasselblad orange line integrated seamlessly into the camera module.

Form Factor: Despite the camera array, it remains 8.4mm slim with a 6.78" display and 0.99mm ultra-narrow bezels.

MAX DESIGN: PRO FINISHES

TITANIUM GREY

LUNA WHITE

THE WORLDS FIRST: TRIPLE 200MP CAMERA

MAX IMAGING: TRIPLE 200MP

200MP ULTRA-WIDE

13mm, 1/1.56" sensor, 124° FOV. Solves the issue of small sensors making ultra-wide shots blurry. Captures massive landscapes with absolute clarity.

200MP MAIN HDR

23mm, 1/1.3" sensor, f/1.58. Powered by DeepPix Technology to deliver a stunning 17-Stop Cinema Dynamic Range for perfect backlit shots.

200MP TELEPHOTO

70mm, 1/1.56" sensor, f/2.1. Ultra-clear telephoto performance with shallower depth of field, making portrait subjects stand out brilliantly.

SWIPE TO EDIT – 18 FILTERS

Colour tuning has never been easier. Simple and intuitive horizontal/vertical swipes adjust saturation and brightness on the fly.

AI PHOTO EDITOR

PHOTO AGENT TEMPLATES

37 pro editing templates built-in. Tap once to recreate viral social media looks. Adjusts color, retouching, and lighting automatically.

EDIT WITH ONE PROMPT

Chat your way to a great photo. Simply type your edit (e.g., "remove background people") and the AI handles the complex steps instantly.

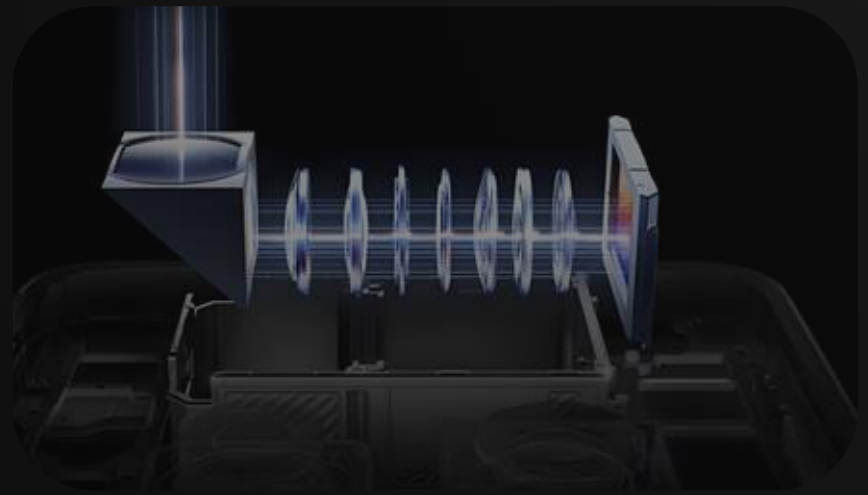

Before

After

CINEMATIC 8K VIDEO ON ALL LENS’

POCKET CINE-STUDIO

8K at Any Focal Length: Leverage the Hasselblad Triple 200MP system to shoot ultra-clear 8K video whether you are using the ultra-wide, main, or telephoto lens.

Pro-Level Specs: Record in 8K 30fps and 4K 120fps Log formats for ultimate flexibility in post-production color grading.

Blackmagic Ecosystem: First on Android to feature full deep-adaptation with the Blackmagic Camera app, unlocking native Dolby Vision and O-Log2.

POCKET CINE-STUDIO

OPENGATE CAPTURE

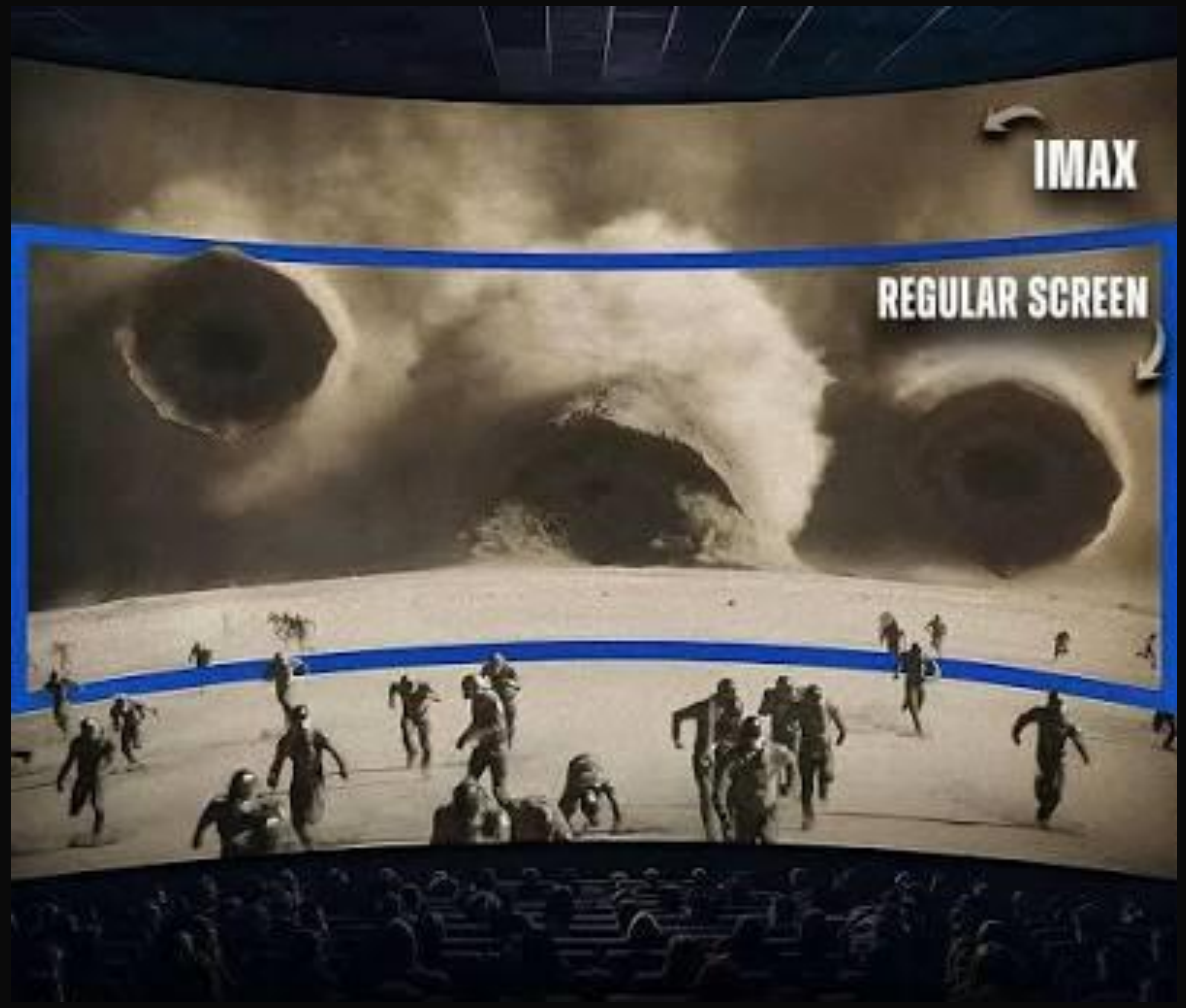

Natively supported OpenGate Capture. Shoot in top-tier IMAX format anytime. Native 4:3 sensor-ratio output gives you +23% longer and +63% shorter edges for ultimate cropping freedom in post.

Professional Filming: 8K 30fps & 4K 120fps log recording. Full Blackmagic Camera adaptation delivering pro-level filmmaking controls and native Dolby Vision.

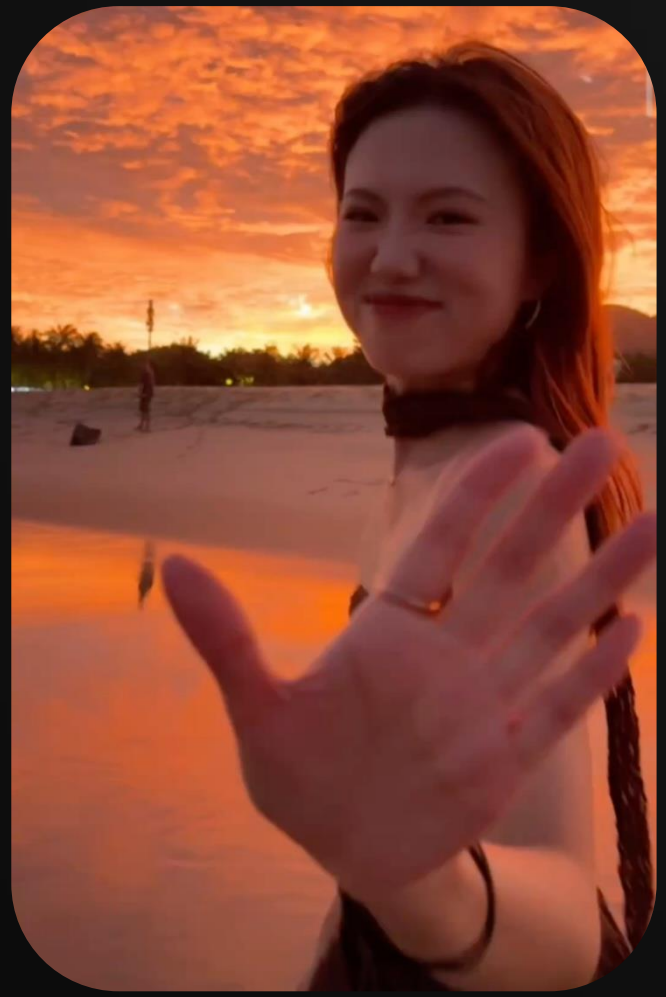

POCKET CINE-STUDIO

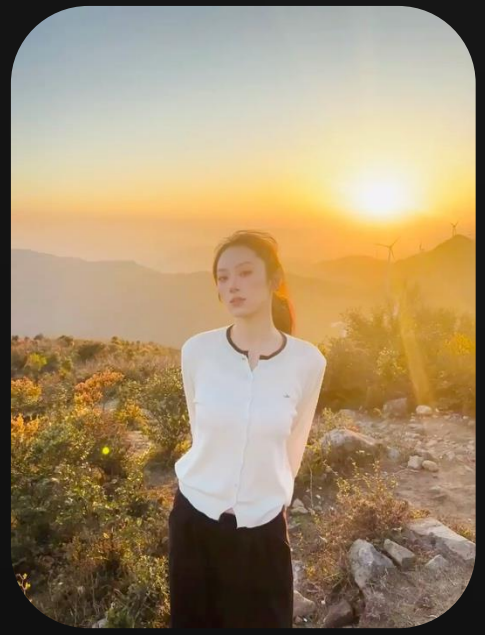

IMAX VS REGULAR VIDEO

17-STOP DYNAMIC RANGE

- DeepPix Technology: Custom-developed with Samsung, achieving an unprecedented 17-Stop Dynamic Range.
- The Result: Capture the bright 16-18 EV sun highlights while simultaneously retaining the 0-2 EV deep shadow details on faces and rocks.

17-STOP DYNAMIC RANGE

> Competitor Check: The iPhone 17 Pro Max only manages a 14-Stop dynamic range.

OPPO Find X10 Pro Max

iPhone 17 Pro Max

ULTIMATE VIDEO STABILISATION

- 4K Auto Straighten Video: Automatically levels the horizon during intense movement.
- OIS + EIS Integration: Hardware and software stabilization combine for perfectly smooth walking or running shots.
- Studio-Grade Audio: Four built-in microphones ensure your audio matches the cinematic quality of your footage.

Mode OFF

Mode ON

HASSELBLAD TELECONVERTER KIT

YOUR CONCERT ESSENTIAL

The ultimate add-on accessory for the Find X10 Series. Never worry about being in the back row again.

Optical Extension: The dedicated OPPO Hasselblad Teleconverter lens physically attaches via a custom bracket and case.

Use Cases: Perfect for capturing crystal-clear shots of idols at concerts, athletes at sports events, or distant wildlife.

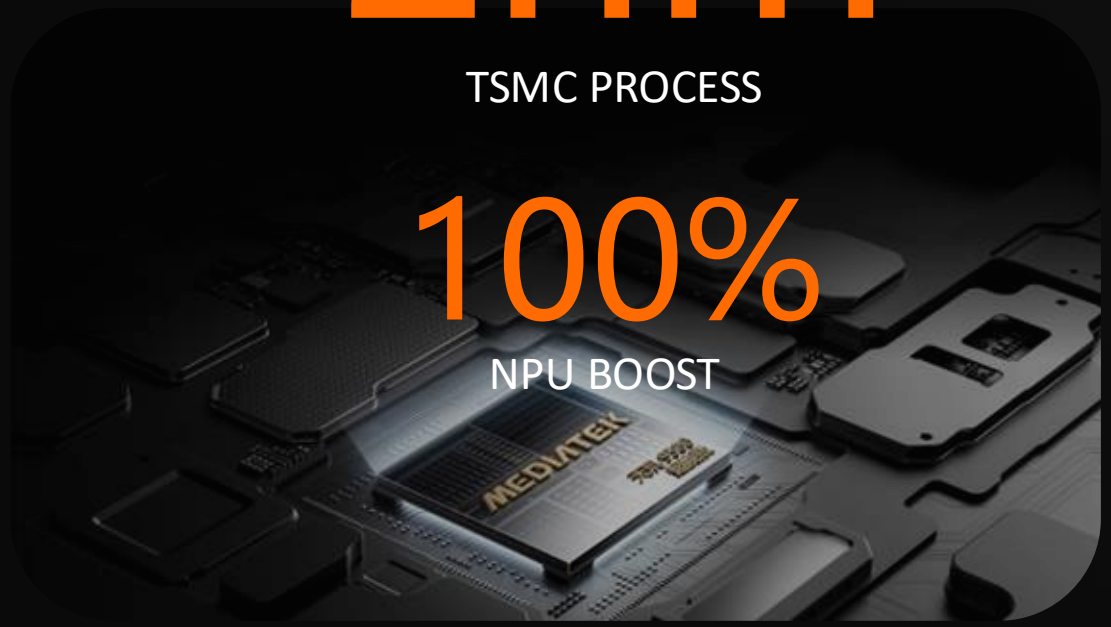

PRO MAX EXPERIENCE: BATTERY

A NEW STANDARD FOR BATTERY LIFE

PRO MAX EXPERIENCE: PERFORMANCE

DIMENSITY 9600 PRO

The Find X10 Pro Max utilises the absolutely cutting-edge 2nm TSMC process, vastly improving efficiency and power.

With a 100% boost in NPU performance, on-device AI computing is doubled, ensuring AI Photo Editing and Mind Pilot features run with zero latency.

NEW GEN PROXDR DISPLAY

HDR Vivid

Dolby VISION

INDUSTRY FIRST EYE CARE

Industry-lowest 3.7% and boosted deep red light to 5.5%.

1-Nit Night Display: Perfectly comfortable for late-night browsing, preventing eye strain and fatigue.

Visual Spec:

144Hz LTPO | 2768x1272 resolution | 3600nit Peak Brightness | BT.2020 Ultra-wide colour gamut support

PRO MAX: DUAL-LINE DISPLAY

DUAL-LAYER LUMINESCENT

Upgraded dual-layer blue emissive material provides higher efficiency and longer lifespan. Recalibrated across 1-800 nits to eliminate the "dirty screen effect".

BT.2020 COLOUR GAMUT

40% wider color coverage than standard DCI-P3. This ensures full green and red reproduction, preventing detail loss when viewing Premium HDR Dolby Vision content.

COLOROS 17: FLOW WITH AI

All-New Hyper Smooth OS & Proactive AI Agent

6-YEAR LONG-LASTING SMOOTHNESS

ColorOS 17 ensures a silky-smooth experience inside and out, rigorously tested by OPPO Laboratories.

- Visual Fluency: All-New Living Flow Motion Design provides dynamic, harmonious interactive animations.
- App Switching: Foreground remains incredibly stable, while background apps rely on a robust keep-alive system.
- Laminar Flow Engine: Guarantees apps load instantly and remain perfectly responsive over years of use.

AI MIND PILOT: AGENT MODE

TRAVEL GUIDE

One-click itinerary generation. Consolidates scattered flights, hotel bookings, and attraction tickets into a seamless schedule.

FILE MANAGEMENT

Transforms scattered, poorly named files into organized folders. Tell AI to "organize photos from my trip," and it renames and sorts them instantly.

KNOWLEDGE COLLECTIONS

Recognize documents and summarize PDFs or web articles instantly. Reduces organization burden so you can review key info effortlessly.

EARBUD TRANSLATION & ANTI-FRAUD

SIMULTANEOUS TRANSLATION

Triple-press your earbud stem to activate. On-device models offer real-time translation in 31 languages. Bone conduction microphones ensure clear audio capture, completely breaking down language barriers.

AI DEEPFAKE ANTI-FRAUD

Secures every call. AI identifies synthesized voices and deepfake video anomalies in real-time. It clearly alerts the user via a Fluid Cloud pop-up, blocking risky remote control or payment behaviors.
